# Tiny Trax

## Loan to Centres

'Fun Powerchair Solutions for 2 - 10 year old children'

## How Does it work?

Demos on specific days, at specific times, doesn't always give a child the best opportunity to try out TinyTrax. So we have a number of FREE TinyTrax chairs on tour around the UK visiting Schools and Centres, so you can try it out in your own time. If you want to give one of our TinyTrax's a home on their travels, simply follow the steps below...

1

**Contact TinyTrax** to book your slot. The greater the number of children trying it, the longer the loan can be.

2

**Work out Demo timetable** to maximise the benefit of the FREE loan. Book in children you want assistance with on the first day, as a TinyTrax Rep will be able to help then.

3

**Delivery, Setup & Training** will take place on the first day. TinyTrax is easy to adjust for each child, without any tools.
